Custom LCD Solutions

The Mega Media Industrial Bluefin Display Enclosure is custom manufactured specifically for Bluefin Displays and comes in multiple sizes, both portrait and landscape orientations.

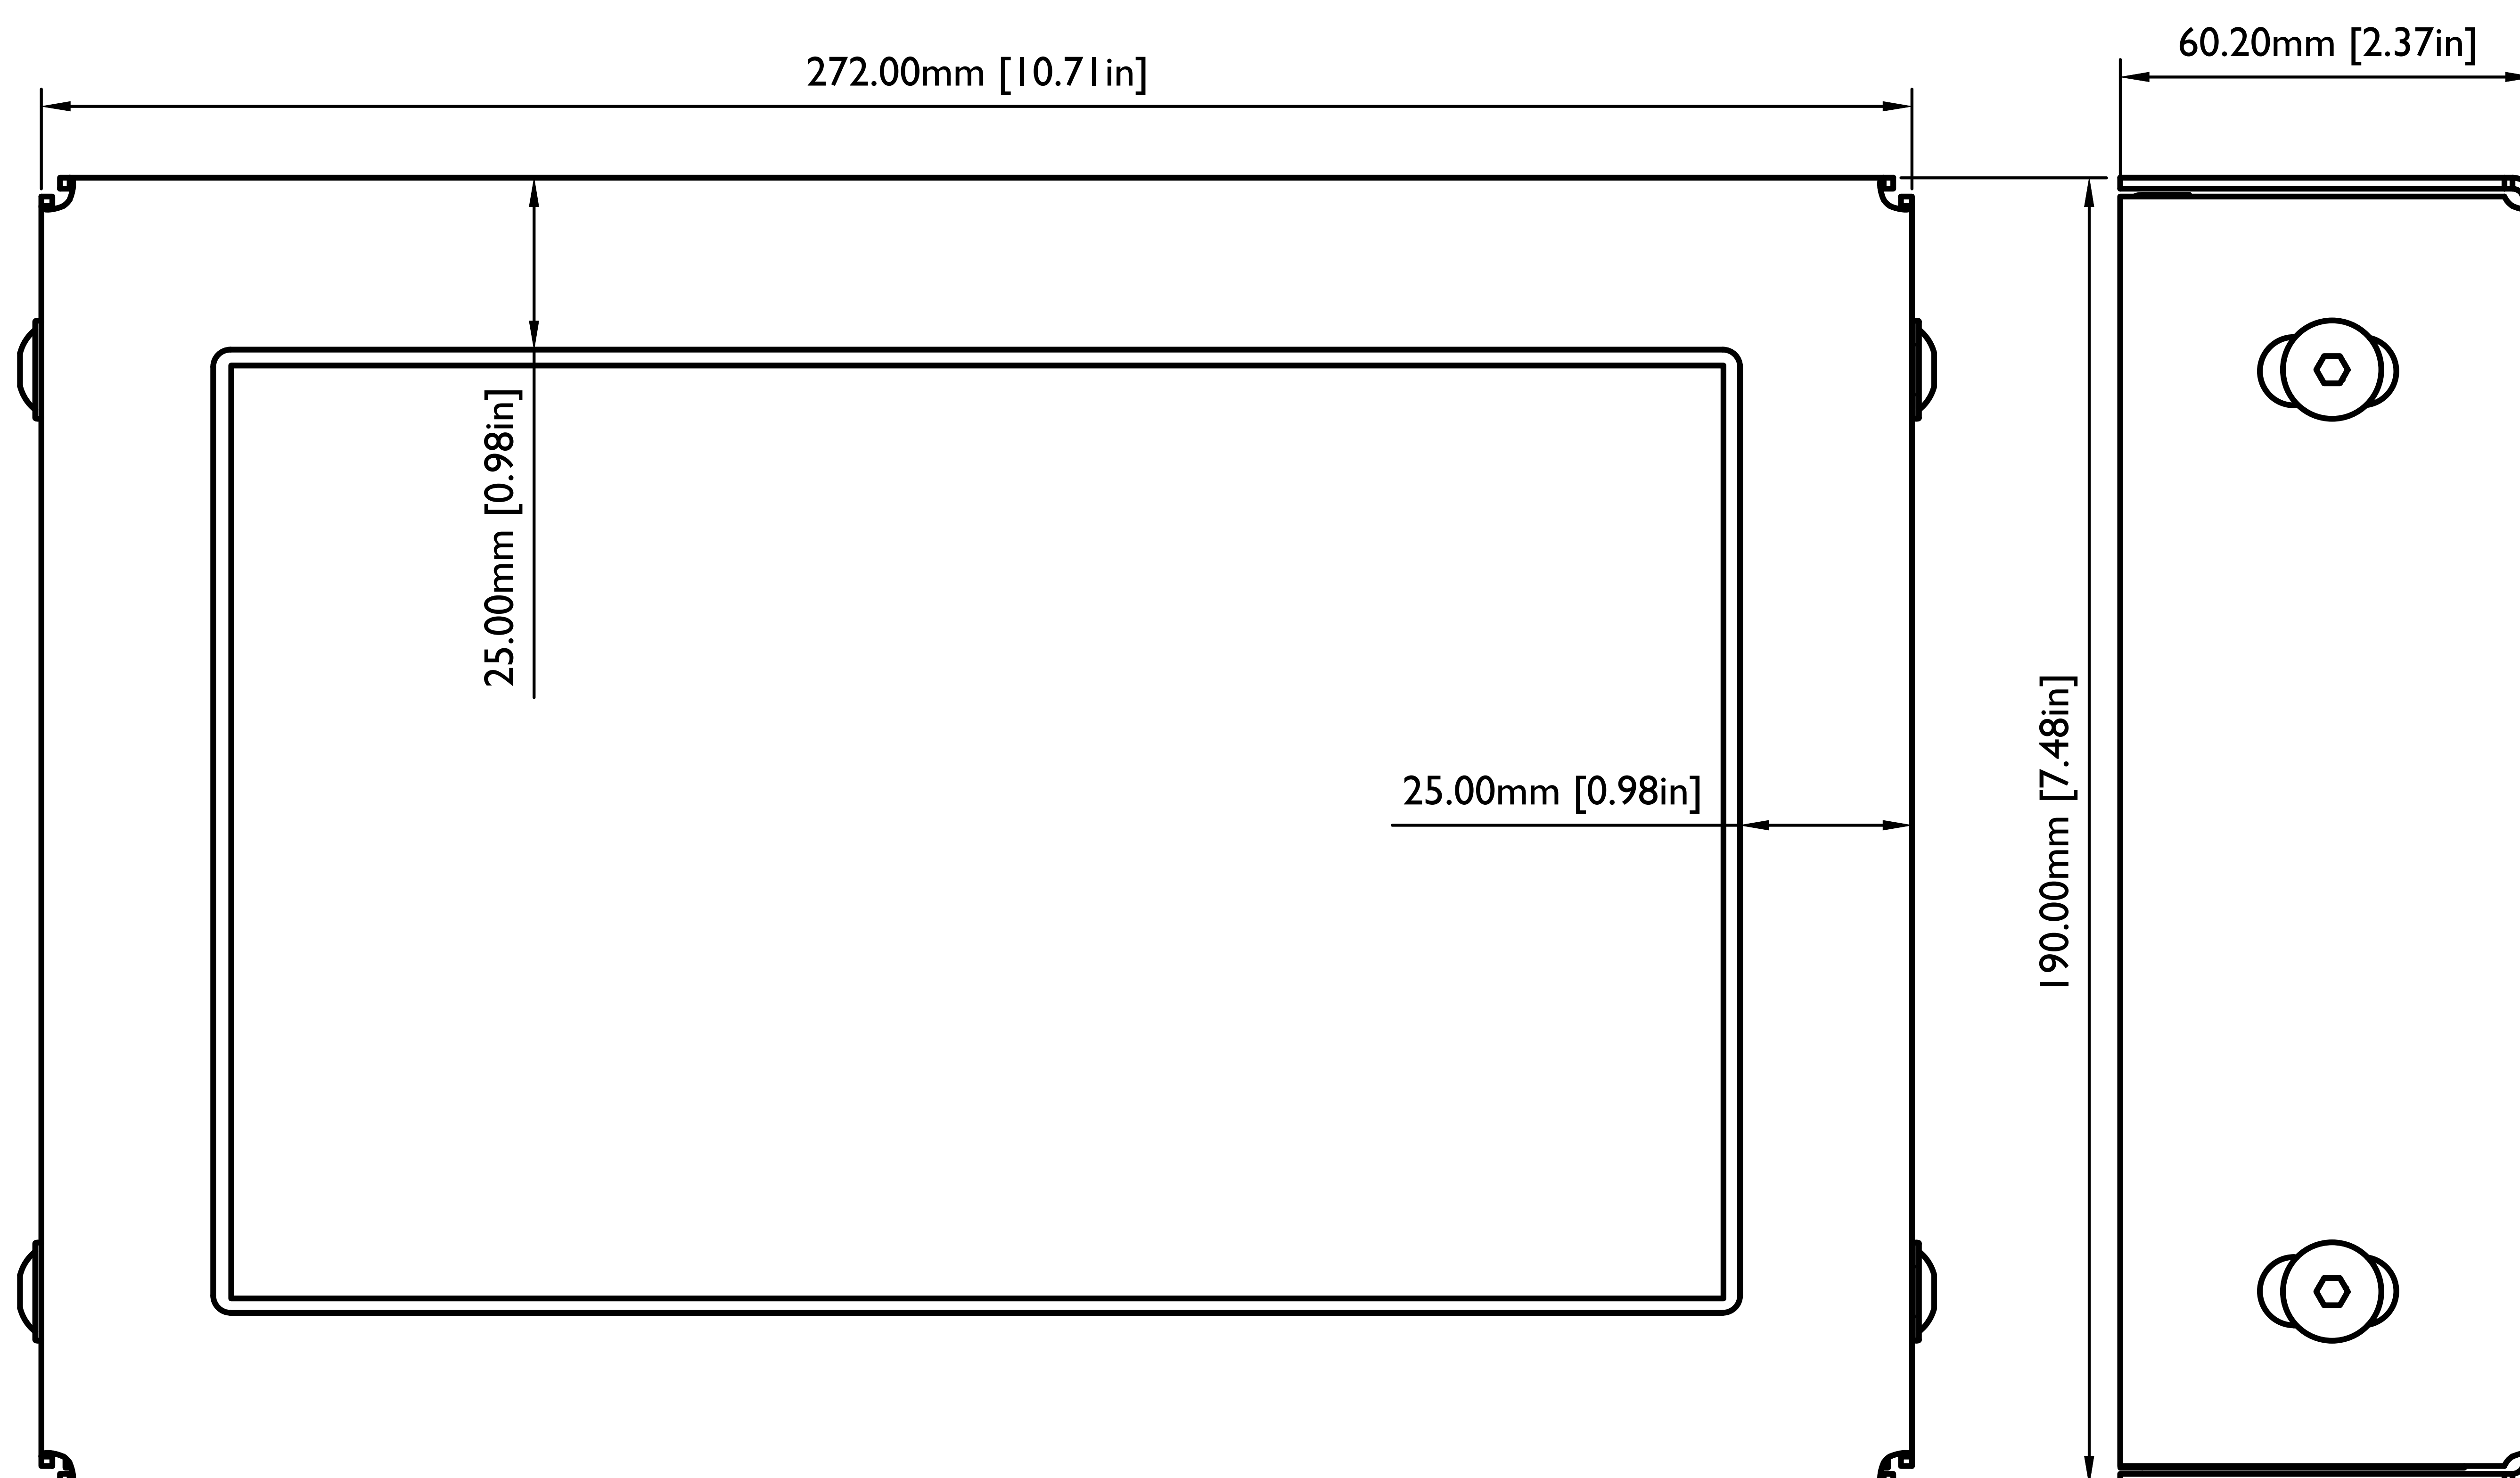

## Fully Enclosure and Protect the Display

Perfect for hospitality, commercial, corporate, retail, museum and other applications, the enclosure is designed to hide, conceal, and protect the display from tampering.

## Ready for Install

Designed to work with the Peerless AV PF630p mount, the enclosure features easy mounting, is cable ready, has proper venting, and is powder coated stain black. Easily install and service the display with hex screws that secure the front cover. Security screws can be requested.

Constructed of aluminum, enclosures are built for easy installation, while providing design aesthetic and protection for the display. All enclosures can be customized to be ADA compliant.

Made in the USA
